once upon a time if you wanted to know if a movie was worth seeing you didn't check out rotten tomatoes or imdb you asked whether siskel ebert had given it two thumbs up on a cold saturday afternoon in 1975 two men who had known each other for eight years before they'd ever exchanged a word met for lunch in a chicago pub gene siskel was the film critic for the chicago tribune roger ebert had recently won the pulitzer prize the first ever awarded

to a film critic for his work at the Chicago Sun Times to say they despised each other was an understatement when they reluctantly agreed to collaborate on a new movie review show with PBS there was at least as much sparring off camera as on no decision from which films to cover to who would read the lead review to how to pronounce foreign titles was made without conflict but their often antagonistic partnership which later transformed into genuine friendship made for great television in the years that followed their signature two thumbs up would become the most trusted critical brand in Hollywood in opposable thumbs award winning editor and film critic Matt Singer eavesdrops on their iconic balcony set detailing their rise from making a few hundred dollars a week on local Chicago PBS to securing multimillion dollar contracts for a syndicated series a move that convinced a young local host named Oprah Winfrey to do the same their partnership was cut short when Gene Siskel passed away in February of 1999 after a battle with brain cancer that he kept secret from everyone outside his immediate family including Roger Ebert who never got to say goodbye to his longtime partner but their influence on in the way we talk about and think about movies continues to this day

Deconstructing South Park: Critical Examinations of Animated Transgression is the first book to systematically analyze the cultural phenomenon of South Park from a wide scope of theoretical approaches Brian Cogan and the other contributors address the show from perspectives as diverse as media studies disability studies and literary theory to ideological analysis deviancy studies and media studies Deconstructing South Park represents an essential contribution to television media studies for both academics and popular audiences alike

The award winning television series Mystery Science Theater 3000 1988-1999 has been described as the smartest funniest show in America and forever changed the way we watch movies the series featured a human host and a pair of robotic puppets who while being subjected to some of the worst films ever made provided ongoing hilarious and insightful commentary in a style popularly known as riffing These essays represent the first full length scholarly analysis of Mystery Science Theater 3000 MST3K which blossomed from humble beginnings as a Minnesota public access television show into a cultural phenomenon on two major cable networks the book includes interviews with series creator Joel Hodgson and cast members Kevin Murphy and Trace Beaulieu
