in this new edition every entry has been rechecked and revised misspellings have been corrected unnecessary duplicate entries have been removed textual variants and alternative readings have been noted and identified new testament references have been added for similar and identical forms having two or more parsings references to the numbering used in strong s have been added to facilitate study and cross referencing for the less technical user and the introductory grammar section has been updated

this addition to the field of new testament greek study aids is the most useful analytical lexicon available the analytical lexicon of the greek new testament contains an alphabetical arrangement of every greek form found in the major printed editions of the greek new testament ubs nestle aland and the majority text consequently anlex is not a lexicon of a single edition of the new testament rather it is a lexicon of the new testament s language in all its manuscript forms a distinguishing feature of this and companion volumes is the use of grammatical tags the analysis is tagged throughout with abbreviations that provide pertinent grammatical information anlex s analysis is superior to traditional parsing because of the authors expertise in modern linguistics in addition anlex provides new and original definitions in modern descriptive english for each root word

an enlightening resource to help readers understand the greek new testament grammatical tags for each word are provided for easy referral

this is an all new analytical greek lexicon based on the critical greek text ubs3 with goodrick

kohlenberger numbers and new grammatical paradigms

this text affords the student of the original language of the evangelists and apostles the same assistance which is furnished by the previously published lexicon to the books of the hebrew and chaldee scriptures christian

the analytical lexicon of new testament greek is an invaluable resource for

this book is a translation of the greek new testament with the following features 1 each potential parsing of each verb participle and infinitive presented in an interlinear format 2 english tenses used that match the greek tenses 3 greek nouns that are not made into english verbs and vice versa 4 brackets indicating the words added into the translation 5 two parsing keys and a page of symbols abbreviations and words as a graduate of a non denominational bible college and an inter denominational seminary the author did not play favorites with any theological school of thought he strove to find a balance between greek accuracy and english readability the following greek texts were used the united bible societies greek new testament 4th edition and the nestle aland novum testamentum 26th edition the author is able to overcome the poor quality of the greek texts used by sixteenth and seventeenth century english translators yet it is very difficult for bible teachers and pastors to overcome the traditional words used in these early translations that are so very misleading to english bible readers how were experts in latin able to translate their greek text and hebrew and still be given credit today for being conservatives many greek students think that the greek words have only one parsing example mood tense voice etc unfortunately some preachers speak dogmatically about a greek word while leaving out the other potential parsing that that particular verb may have please honor god s inerrant infallible and god breathed word by doing a professional job of research and study consider the eternal consequences for all speaking and all listening
